Please fill out the following form and submit it along with your **.stl print file** to ref_desk@louisvilleco.gov.

Name

Date

Louisville Library Card Number

E-mail

Phone Number

Age

Child (Up to Grade 5)

Teen (Grades 6-12)

Adult

Please read and check the following:

I must have a Louisville Library Card to submit an application for a 3D print. Children or teens without their own card should have a parent or guardian submit a file and application under the caregiver name and library card number.

My .stl file must print in 8 hours or less using PLA filament, a non-food safe substance.

My file must fit within the print field of a Lulzbot Mini: 152mm wide x 152mm long x 158mm high OR 6in wide X 6 in long x 6.2in high.

My file adheres to the Louisville Public Library's 3D print guidelines for copyright and legality.

I must allow a 7-day period for printing.

I will be charged \$0.05 per gram for my print. The library staff is unable to give me an estimate for the cost of printing due to variations in infill density.

I have read and acknowledge the 3D print information above.

Patrons will be notified by phone or e-mail when their application has been approved and when the file has been printed and is ready for pick up. Any prints that are not picked up within 7 days will be discarded. The library has the right to reject or suspend print applications due to staff time, city holidays, or volume of applications. The library cannot guarantee the printability of any file.
