PERMIT CONDITIONS AND ACKNOWLEDGEMENT

By signing below, Applicant/Contractor certifies that it has read and understands the General Permit Requirements as set forth in the General Permit Requirements document provided on the City of Louisville website and agrees that all work under this permit shall be performed in compliance with these Requirements.

By signing below, Applicant/Contractor agrees to be bound by and to complete all work under this permit in compliance with the provisions and requirements of this permit and its attachments and the most recent editions of the Manual on Uniform Traffic Control Devices, the City of Louisville Design and Construction Standards and the City of Louisville Municipal Code. Applicant/Contractor further agrees to pay all associated fees and penalties as laid out in the Public Works Engineering Fee Schedule. This permit shall be invalid if, during the performance of the work, a violation of any of the above occurs.

By signing this Permit, Applicant/Contractor accepts full responsibility to repair damage done to public or private property and further understands that Applicant/Contractor will be held financially liable for all required repair work. If Applicant and Contractor are separate persons or firms, all persons and firms constituting the Applicant/Contractor shall be jointly and severally responsible for compliance with all permit requirements. The undersigned also declares that (i) all information provided on this form and any submitted attachments are true, accurate and complete, and (ii) that the undersigned has full authority to sign this permit. This permit shall not be effective unless signed on behalf of the City of Louisville, Department of Public Works, and shall automatically expire 30 days after the date of such signature, unless otherwise noted.

Applicant Signature: _____ **Date:** _____

Contractor Signature (if different than Applicant): _____ **Date:** _____

- For all pavement, concrete and utility work an inspection is required.
- Applicant must call the Construction Inspector at 303-489-5750 24 hours prior to starting work unless otherwise notified.
- A Pre-Construction Meeting may be required for certain activities, Public Works Staff will notify applicant if required.
- Utility locates are the responsibility of the Applicant/Contractor.
