AMENDED NOTICE OF PUBLIC HEALTH ORDER 20-22 CLOSING BARS, RESTAURANTS, THEATERS, GYMNASIUMS, CASINOS, NONESSENTIAL PERSONAL SERVICES FACILITIES, AND HORSE TRACK AND OFF-TRACK BETTING FACILITIES STATEWIDE

The Colorado Department of Public Health and Environment (CDPHE) is working to stop the spread of novel coronavirus 2019 (COVID-19). At this time I find it necessary to implement emergency measures to close down all bars, restaurants, theaters, gymnasiums and casinos in Colorado in an effort to protect and preserve the public health. This Order, originally issued on March 16, 2020, has been amended to close nonessential personal services facilities and racetrack and off-track pari-mutuel wagering facilities, exempt institutions of higher education in the services of meals, clarify that hotel dining services are not exempted other than in room dining services, add a definition of gymnasium, and extend the Order through April 30, 2020.

FINDINGS

1. COVID-19 was first detected in Wuhan, China in late 2019, and since then has spread to over 60 countries including the United States. There are 131 known presumptive positive cases of COVID-19 in Colorado as of March 16, 2020, and there is every expectation that more cases will be diagnosed.

2. COVID-19 is a respiratory illness caused by a novel coronavirus, and like other respiratory illnesses, is transmitted through person-to-person contact or by contact with surfaces contaminated with the virus. Persons infected with COVID-19 may become symptomatic anywhere from two to fourteen days after
exposure. Symptoms include fever, cough or shortness of breath or difficulty breathing.

3. Individuals with serious chronic health conditions and older adults are most at risk for becoming very ill with this disease.

3. On March 10, 2020, the Governor of Colorado declared a State of Emergency related to the presence of COVID-19 in the State. CDPHE has confirmed that COVID-19 continues to spread throughout the State of Colorado.

4. On March 13, 2020, the President of the United States declared a National Emergency due to COVID-19.

5. A significant number of Coloradans are at risk of serious health complications, including death, from COVID-19. Although most individuals who contract COVID-19 do not become seriously ill, persons with mild symptoms and asymptomatic persons with COVID-19 may place other vulnerable members of the public at significant risk. A large surge in the number of persons with serious infections can compromise the ability of the healthcare system to deliver necessary healthcare to the public. Colorado is experiencing a rapid increase in COVID-19 transmission that threatens the health of residents and risks overwhelming the healthcare system in the state of Colorado.

6. Pursuant to Colo. Rev. Stat. § 25-1.5-101(1)(a) and §25-1.5-102(1)(a)(l), this Public Health Order closes bars, restaurants, gyms, theaters, casinos, nonessential personal services facilities and horse track and off-track betting facilities to slow the spread of the COVID-19 virus. CDPHE has the duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health and to establish, to close public places and forbid gatherings of people when necessary to protect the public health, and to establish, maintain and enforce isolation and quarantine, and, in pursuance
Public Health Order 20-22
thereof and for this purpose only, to exercise such physical control over
property and the persons of the people within this state as the department may
find necessary for the protection of public health.
